CollabCRM People Training Module - Developer Flow & Field Specification

Document Overview

This document specifies the exact developer architecture, screen flows, user roles, data schemas, validation rules, and dynamic interactions for the **CollabCRM People & Training Module**. Every field, allowed value, form control, and layout matches the live implementation prototype.

SECTION 1: SYSTEM NAVIGATION & SCREEN FLOWS

```
flowchart TD
    AppRoot[CollabCRM Enterprise Suite] ⟶ TopNav[Top Global Navigation & Search Bar]
    AppRoot ⟶ LeftDrawer[Left Collapsible Navigation Drawer]

    LeftDrawer ⟶ PeopleModule[People / Employee Directory]
    LeftDrawer ⟶ TrainingModule[Training Hub]
    LeftDrawer ⟶ ConfigModule[Config Hub]

    TrainingModule ⟶ TDash[Training Dashboard]
    TrainingModule ⟶ TProg[Training Programmes Catalogue]
    TrainingModule ⟶ TAssign[Training Assignments - 41 Total]
    TrainingModule ⟶ TProgTrack[Progress Tracker - Dual View]
    TrainingModule ⟶ TCert[Certificates - Expandable Master-Detail]

    TProg ⟶ CreateProg[Create / Edit Programme Modal]
    TProg ⟶ ProgDetail[Programme Detail - 2-Column Layout]
    TAssign ⟶ AssignModal[Assign Training Slideover Modal]
    TAssign ⟶ AssignDetail[Assignment Details View]
    TCert ⟶ CertModal[Verified Certificate Modal - Khushi Bhatt]

    ConfigModule ⟶ TConfig[Training Config - General & Categories]

    TopNav ⟶ RoleSwitcher[User Role Switcher]
    RoleSwitcher ⟶ AdminView[Admin / HR Operations View]
    RoleSwitcher ⟶ EmployeeView[Employee Learning Portal]
    EmployeeView ⟶ EmpTrainList[My Training - Dynamic State]
    EmpTrainList ⟶ EmpCourseDetail[Course Learning Portal - 3 Tabs]
```

Flow 1: Top Navigation & Role Switching

- **Global Header**: Contains company branding (`CollabCRM People`), global search (`Search employees, programmes`), notifications bell, and the Active User Profile indicator (`Tanya Kapoor - Business Analyst • Employee` or `Ishdeep Anand - Admin • Management`).
- **Role Switching**: Clicking the user badge toggles between **Admin/HR View** and **Employee User Role View**. Switching to an Employee role redirects directly to the Employee Dashboard and personal learning workflows.

Flow 2: Navigation Drawer Structure

The left collapsible sidebar provides access to:

- **Employees** (`employees`): Complete employee directory with profile cards and Add Employee modal.
- **Training Hub** (non-bold submenu items):
  - **Dashboard** (`training-dashboard`): Real-time metrics (Active Learners, Total Assignments, Completion Rate, Average Score), urgent review queue, and performance analytics.
  - **Training Management** (`training-programmes` , breadcrumb: `Training Programmes`): Full course catalogue, lifecycle status filters (`All` , `Published` , `Draft` , `Archived`), search, Availability Status (`Active` / `Inactive`) toggle, View 👁️ flow to **Programme Detail**, and `+ Create Programme` action.
  - **Assignments** (`training-assignments`): Central assignment register with `ASSIGNED SCOPE` column (Employee, Department, Designation), `41 Total` assignment count, and 5-page pagination (10 items/page). Clicking a record opens **Assignment Details** (without the removed `Automated Evaluation Active` header badge).
  - **Progress** (`training-progress`): Dual-mode tracking (`1. Employee-wise Training Completion` vs `2. Departmental Compliance Audit`), 4 KPI cards (`ACTIVE LEARNERS` , `TOTAL ASSIGNMENTS` , `COMPLETED` , `AVG SCORE`), and CSV export.
  - **Certificates** (`certificates`): Expandable master-detail table defaulting to **collapsed** employee rows (`expandedMap`), `^ / v` toggle chevron, plain-text earned programmes, clickable certificate card preview, and right-aligned Actions column directly under `All Records` .
- **Config Hub**:
  - **Config Flyout** (compact full-height left drawer panel): Quick access to **Training Config** (`config`) and **Roles** (`roles`).
  - **Training Config** (`config`): Tabbed settings for **General Settings** (5 module access permission toggles) and **Training Categories** (master category table + Add Category modal with duplicate validation).

- **Roles & Permissions** (`roles`): 11-role RBAC table (`Sr. Business Analyst` , `Senior Recruiter` , `CEO` , `Project Manager` , `BDE` , `Admin/HR` , `Employee` , `Team leader` , `Management` , `Recruiter` , `BDM`), `+ Add Role` slideover modal, and interactive Role Permission Matrix.

(Note: The legacy "Reports" drawer item has been removed.)

Flow 3: Training Management (Create / Edit Programme Flow)

- Access via `Training Programmes > + Create Programme` or `Edit Programme` .
- Features an **Auto-Fill Demo** button to rapidly populate sample data.
- Structured across three core sections:
- **Core Programme Details**: Programme Name, Category, Difficulty Level, Expected Duration.
- **Learning Resources Builder**: Dynamic resource repeater (Video/YouTube, PDF Document, External Link, Article).
- **Assessment & Questions Builder**: Enable Assessment toggle, title, passing score, max attempts, description, and dynamic multi-format question builder.
- Header Actions: `Auto-Fill Demo` , `Cancel` , `Save as Draft` , and `Publish Programme` (or `Update & Publish`).

Flow 4: Assign Training Slideover Modal Flow

- Access via `+ Assign Training` button in Header, Training Programmes, or Assignments table.
- Configurable targeting parameters:
  - Bound **Training Programme** display field (shows selected/first programme).
  - Multi-select **Department** filter with `Select All / Deselect All` and dynamic count.
  - Multi-select **Designation** filter with `Select All / Deselect All` .
  - Multi-select **Employee (s)** list with `Select All / Deselect All` shortcut and reactive count.
  - Mandatory **Start Date** and optional **End Date**.
- Action Buttons: `Auto-Fill` , `Cancel` , and `Assign Training` .

Flow 5: Certificates Verification Flow

- **Master-Detail Expandable Table**:

- Defaults to **collapsed** employee rows (`!!expandedMap[emp.id]`); expanding a row reveals child sub-rows for additional certificates earned by that employee.
- Master row displays Employee Name, Department/Role, Primary Earned Programme, and an expand toggle (`^ / v`).
- Plain-text format for programme names (no select dropdowns or passed badges in cell). Clicking a certificate card also opens the verified certificate modal.
- **Right-Aligned Actions**: The `Actions` column header and eye icon `(👁️)` buttons are aligned to the far right edge (`w-28 text-right pr-6`), positioned directly below the `All Records` category filter.

- **Certificate Modal**:
  - Displays official certificate of appreciation with **centered** `CollabCRM` **brand header**, gold seal icon, and dark-navy corner accent.
  - Dynamically bound to the exact completed programme and learner name.
  - **Authorized Signatory**: Configured strictly as `Khushi Bhatt, Head of HR` .

Flow 6: Employee User Role Learning Portal Flow

- Access by switching user to `Tanya Kapoor` or navigating to `Training > My Training` .
- **Dynamic State Integration**: Newly created and published programmes from Admin/HR view automatically populate in the employee's training list. **Archived programmes (`publicationStatus === "Archived"`) are excluded from all employee views and APIs** (`Employee Dashboard` , `My Training` , `Employee Course Detail` , `Employee Profile > Training History` , `/api/employee/training-data` , `/api/employee/history`).
- **Inactive Programme Read-Only Handling**:
  - Programmes marked `Inactive` (including programmes `Completed` first and then set to `Inactive`) remain visible in `My Training` with an `Inactive` status pill.
  - Opening an `Inactive` programme shows an **Inactive warning banner** and disables all actions inside (`Start Learning` , `Mark Complete` , external resource links, assessment inputs/selects/checkboxes/radios, `Submit Assessment` , `Retake Assessment` , certificate download, and backend mutation APIs).
- **Employee Training History (`Employee Profile > Training History`)**: Displays enrollment metrics (`TOTAL ENROLLED` , `COMPLETED & PASSED` , `IN PROGRESS` , `CERTIFICATES EARNED`), a compact `+ Assign New Training` button, and non-archived training records.
- **3-Tab Course Learning Layout (`mt`)**:
  - **Tab 1: 1. Overview**: Progress bar, completed modules counter, course summary, and objectives.

- **Tab 2: 2. Learning Resources**: Resource checklist with external link openers, checkable completion toggles, and mandatory indicators (disabled if programme is `Inactive`).
- **Tab 3: 3. Assessment & Questions**:
- **Header**: Clean title `3. Assessment & Questions` with no `[Unlocked]` tag.
- **When Assessment Toggle is OFF (`enabled: false`)**:
- Inside Tab 3: Renders a clean empty container (*"No Assessment Configured — Assessment is disabled for this training programme. Learners achieve completion upon reviewing all mandatory learning resources"*). **No questions, no scoring inputs, no submit button.**
- Left Sidebar: Passing Assessment Score displays `N/A (Assessment Disabled)`. Action button displays `Start Learning Modules →` or `Programme Completed ✓` (never prompts to take an assessment).
- Tab 2 Navigation: Bottom button displays `All Modules Completed ✓`.
- **When Assessment Toggle is ON (`enabled: true`)**:
- Inside Tab 3: Renders the exact question types, marks, mandatory indicators, and options configured by Admin/HR.
- Left Sidebar: Passing Assessment Score displays `🎯 80% (Strictly > 80% to pass)`. Action button displays `Take Assessment →` (or `Download Certificate 🎓` upon passing).
- Result Status: Displays unified `Completed` badge when assessment passes and programme completes.

SECTION 2: FORM FIELD VALUES & VALIDATION SPECIFICATIONS

1. Create Training Programme Form (`Training Management > Create Programme`)

Section 1: Core Programme Details

- **Programme Name:**
  - Mandatory: Yes (`*`)
  - Type: Alphanumeric
  - Max. Length: 120
  - Min. Length: 3
  - Default value: Empty
  - Validation: Cannot be blank or whitespace-only. Must be unique across active programmes.
- **Training Category:**
  - Mandatory: Yes (`*`)

- Type: Dropdown (Single Select)
- Default value: `Recruitment & HR Operations`
- Allowed Values:
- `Recruitment & HR Operations`
- `Engineering & Tech Architecture`
- `Sales & Business Development`
- `Governance & Compliance`
- `Product & Design`

- **Difficulty Level:**
  - Mandatory: Yes (`*`)
  - Type: Dropdown (Single Select)
  - Default value: `Intermediate`
  - Allowed Values:
  - `Beginner`
  - `Intermediate`
  - `Expert`
- **Expected Duration (Hours):**
  - Mandatory: Yes (`*`)
  - Type: Numeric (Integer)
  - Max. Value: 200
  - Min. Value: 1
  - Default value: `4`
  - Validation: Positive integer; decimals or negative values not permitted.

Section 2: `2. Learning Resources (YouTube, External Courses, Websites, Videos, PDFs, Docs) *`

- **Resource Type:**
  - Mandatory: Yes
  - Type: Dropdown (Single Select)
  - Default value: `Video / YouTube`
  - Allowed Values:
  - `Video / YouTube`
  - `PDF Document`

- `External Link`
- `Article`

- **Resource Title:**
  - Mandatory: Yes
  - Type: Alphanumeric
  - Max. Length: 150
  - Min. Length: 2
  - Default value: Empty in newly added rows (Pre-populated starter rows: `Module 1: Architecture Video Lecture`, `Module 2: Implementation Playbook & Guidelines`; Placeholder: `Module title (e.g. Architecture Lecture)...`)
  - Validation: Clear module identifier.
- **Resource URL:**
  - Mandatory: Yes
  - Type: URL
  - Max. Length: 500
  - Min. Length: 8
  - Default value: Empty in newly added rows (Placeholder: `URL / link (https://...)`)
  - Validation: Must be a valid URI (`http://` or `https://`).

Section 3: Assessment & Questions Builder (`4. Assessment & Questions`)

- **Enable Assessment Toggle:**
  - Mandatory: Yes
  - Type: Boolean Toggle (Active / Inactive)
  - Default value: `Active` (`true`)
- **Assessment Title:**
  - Mandatory: Yes (`*`, when Enable Assessment is ON)
  - Type: Alphanumeric
  - Max. Length: 120
  - Min. Length: 3
  - Default value: `Final Training Assessment`
- **Passing Score (%):**
  - Mandatory: Yes (`*`, when Enable Assessment is ON)
  - Type: Numeric (Integer)

    - Max. Value: 100
    - Min. Value: 1
    - Default value: `80`
    - Validation: Benchmark passing percentage (badge: `Strictly > 80% to pass`).
- **Max Assessment Attempts:**
    - Mandatory: Yes (`*` , when Enable Assessment is ON)
    - Type: Numeric (Integer)
    - Max. Value: 10
    - Min. Value: 1
    - Default value: `3`
    - Validation: Maximum attempts permitted before supervisor intervention.
- **Assessment Description:**
    - Mandatory: No (Optional)
    - Type: Textarea
    - Max. Length: 500
    - Default value: `Complete the following questions to evaluate your understanding of this training.`
- **Question Statement:**
    - Mandatory: Yes (`*`)
    - Type: Alphanumeric / Textarea
    - Max. Length: 1000
    - Min. Length: 5
    - Default value: Empty (Placeholder: `Enter your question statement here...`)
- **Question Type:**
    - Mandatory: Yes (`*`)
    - Type: Dropdown (Single Select)
    - Default value: `Single Selection (Radio)` (for newly added questions; default starter assessment includes 6 questions covering all 6 formats)
    - Allowed Values:
- `Short Text Answer` (`short_text`)
- `Long Text Answer` (`long_text`)
- `Single Selection (Radio)` (`single_choice`)
- `Multiple Selection (Checkbox)` (`multiple_choice`)
- `Dropdown Selection` (`dropdown`)

- `True / False` (`true_false`)
- **Marks:**
  - Mandatory: Yes
  - Type: Numeric (Integer)
  - Max. Value: 50
  - Min. Value: 1
  - Default value: `2`
  - Validation: Must be > 0.
- **Mandatory:**
  - Mandatory: Yes
  - Type: Checkbox / Boolean Toggle
  - Default value: `true`
- **Question Options / Answers:**
  - For `single_choice` , `multiple_choice` , and `dropdown` : Minimum 2 options required, each with Option Text. Single choice and dropdown require a selected Correct Answer; multiple choice requires at least one selected Correct Answer.
  - For `short_text` : Minimum 1 accepted keyword/phrase (`Configured Accepted Answers` , evaluated case-insensitively with trimmed whitespace).
  - For `true_false` : Correct answer toggle (`True` or `False`).
  - For `long_text` : `Expected Answer / Evaluation Reference for Reviewer` textarea.
  - Question Actions: `Duplicate` and `Delete` (question reorder buttons are removed).

---

2. Assign Training Form (`Assignments > + Assign Training`)

- **Training Programme:**
  - Mandatory: Yes (`*`)
  - Type: Read-only Programme Display Box (bound to selected or first programme)
  - Default value: First programme (e.g. `CollabCRM Recruitment & Client Portal Workflows`)
- **Department:**
  - Mandatory: No (Optional targeting filter)
  - Type: Multi-select Dropdown with `Select All` / `Deselect All`
  - Default value: `All Departments`
  - Allowed Values: `Project` , `Business analyst` , `Recruitment & HR` , `CPA Firms` , `Admin` (plus any dynamic departments from employee records)

- **Designation:**
  - Mandatory: No (Optional targeting filter)
  - Type: Multi-select Dropdown with `Select All` / `Deselect All`
  - Default value: `All Designations`
  - Allowed Values: `Executive`, `Sr. Executive`, `Business analyst`, `Team leader`, `Manager`, `AVP` (plus any dynamic designations from employee records)
- **Employee (s):**
  - Mandatory: Yes (`*`)
  - Type: Multi-select Dropdown with `Select All` / `Deselect All`
  - Default value: Primary selected employee (first employee in directory)
  - Validation: Must have at least 1 employee selected before assignment submission (`Please select at least one employee and a training programme.`). Displays reactive count (e.g. `14 selected`).
- **Start Date:**
  - Mandatory: Yes (`*`)
  - Type: Date (`YYYY-MM-DD`)
  - Default value: `2026-11-04`
  - Validation: Required (`required`).
- **End Date:**
  - Mandatory: No (Optional completion deadline)
  - Type: Date (`YYYY-MM-DD`)
  - Default value: `2026-12-01`
  - Validation: Must be on or after Start Date.
- **Header / Footer Actions:** `Auto-Fill`, `Cancel`, `Assign Training`.

---

3. Add Employee Form (`Employees > + Add New Employee`)

- **First Name:**
  - Mandatory: Yes (`*`)
  - Type: Text Input (Alphabetic)
  - Max. Length: 50
  - Min. Length: 2
  - Default value: Empty (Placeholder: `Enter first name (e.g. John)`)
- **Last Name:**

    - Mandatory: Yes (`*`)
    - Type: Text Input (Alphabetic)
    - Max. Length: 50
    - Min. Length: 2
    - Default value: Empty (Placeholder: `Enter last name (e.g. Doe)`)
- **Company Email:**
    - Mandatory: Yes (`*`)
    - Type: Email Input
    - Max. Length: 100
    - Default value: Empty (Placeholder: `Enter corporate email address (e.g. john.doe@collabcrm.internal)`)
    - Validation: Must be a valid corporate email format (`user@domain.com`).
- **Department:**
    - Mandatory: No (Optional select)
    - Type: Dropdown (Single Select)
    - Default value: `Project`
    - Allowed Values: `Project` , `Business analyst` , `CPA Firms` , `Recruitment & HR`
- **Status:**
    - Mandatory: No (Optional select)
    - Type: Dropdown (Single Select)
    - Default value: `Confirmed`
    - Allowed Values: `Confirmed` , `Intern` , `Probation` , `Notice Period`
- **Designation:**
    - Mandatory: No
    - Type: Text Input
    - Default value: Empty (Placeholder: `Enter job title / designation (e.g. Senior Executive)`)
- **Reporting Manager:**
    - Mandatory: No
    - Type: Text Input
    - Default value: Empty (Placeholder: `Enter reporting manager name (e.g. Isha Patel)`)
- **Auto-Generated / Internal Profile Defaults on Save:**
    - `Company Mobile` : `+1 9005049999` (or `+1 9887654321` via `Auto-Fill` button)
    - `Employee Code` : `CO-{1000-9999}`

- `Joining Date`: `04-Nov-2026`
- `Account Status`: `Active`

- **Header / Footer Actions:** `Auto-Fill`, `Cancel`, `Save Employee`.

---

4. Global Training Configuration (`Config > Training Config`)

General Settings Tab (`t === 'general'`)

- **Enable / Disable Training Module:**
  - Mandatory: Yes
  - Type: Boolean Toggle (Active / Inactive)
  - Default value: `Active` (`true`)
  - Description: Master switch to enable or disable the entire Training module access for employees across the portal.
- **Allow Training Creation:**
  - Mandatory: Yes
  - Type: Boolean Toggle
  - Default value: `Active` (`true`)
  - Description: Permit authorized roles to author and create new training programs.
- **Allow Training Editing:**
  - Mandatory: Yes
  - Type: Boolean Toggle
  - Default value: `Active` (`true`)
  - Description: Allow modification of existing published and draft training programs.
- **Allow Training Archiving:**
  - Mandatory: Yes
  - Type: Boolean Toggle
  - Default value: `Inactive` (`false`)
  - Description: Enable archiving of obsolete or retired training courses.
- **Enable Training Preview:**
  - Mandatory: Yes
  - Type: Boolean Toggle
  - Default value: `Active` (`true`)
  - Description: Allow creators and reviewers to preview interactive course modules.

Training Categories Tab (`t === 'categories'`)

- **Categories Table Columns:** `Category Name` , `Description` , `Status` , `Created By & Date` , `Modified By` , `Actions` (Edit icon + Active/Inactive toggle).
- **Pre-configured Categories (9 Default Entries):** `Engineering & Architecture` , `Sales & Business Development` , `Recruitment & HR Operations` , `Security, Privacy & Compliance` , `Leadership & Management` , `Product Design & UX` , `Customer Success & Support` , `DevOps & Cloud Operations` , `Artificial Intelligence & ML` .
- **Add Training Category Modal (`+ Add Category`):**
  - **Category Name:**
  - Mandatory: Yes (`*`)
  - Type: Text Input (Alphanumeric)
  - Placeholder: `Enter category name (e.g. Data Science)...`
  - Validation: Case-insensitive, punctuation-normalized unique check against all existing categories. Repeating category names are rejected with an alert.
  - **Description:**
  - Mandatory: No (Optional)
  - Type: Textarea
  - Placeholder: `Enter category description...`
  - Default value on save if blank: `New training category description.`
  - **Status:**
  - Mandatory: Yes
  - Type: Boolean Toggle
  - Default value: `Active` (`true`)
  - **Quick Action:** `Auto-Fill` button populates `Data Science & Advanced Analytics` .

---

5. Role-Based Access Control (`Config > Roles`)

- **Roles Table Columns:** `No.` , `Role` , `Status` , `Employees` , `Remarks` , `Created By & Date` , `Modified By` , `Actions` (View, Edit, Delete).
- **Standardized System Roles (11 Configured Roles):**
- `Sr. Business Analyst` (8 employees)
- `Senior Recruiter` (5 employees)
- `CEO` (3 employees)
- `Project Manager` (25 employees)
- `BDE` (1 employee)

- `Admin/HR` (50 employees)
- `Employee` (51 employees)
- `Team leader` (20 employees)
- `Management` (7 employees)
- `Recruiter` (1 employee)
- `BDM` (0 employees)
- **Add Role Slideover Modal (`+ Add Role`):**
  - **Title:** Mandatory (`*`), Text Input, placeholder `Enter role title (e.g. Senior Security Architect)`.
  - **Clone Role:** Optional Dropdown (`Select Existing Role to Clone...` + existing roles).
  - **Remarks:** Optional Textarea, max length `255` (`0/255`), placeholder `Enter remarks or role description...`.
  - **Status:** Boolean Toggle, default `Active` (`true`).
- **Role Permission Matrix (`{Role} • Permission Matrix`):**
  - Columns: `Module`, `Status`, `View Default`, `Global`, `Add`, `Edit`, `Delete`.
  - Highlighted **Training Module** permissions: `Training Module` (parent), `↳ Training Programs Library`, `↳ Training Assignments`, `↳ Employee Progress Tracking`, `↳ Training Reviews & Evaluations`, `↳ Certificate Generation & Issuance`, `Training Analytics & Reports`.

---

6. Certificate Verification & Credential Specifications

- **Certificate ID:**
  - Format: `TRN-{YYYY}-{serial}` (e.g. `TRN-2026-0027`, `TRN-2026-0032`)
- **Authorized Signatory:**
  - Full Name & Title: `Khushi Bhatt, Head of HR`
- **Issued Date:**
  - Format: `DD-MMM-YYYY` (e.g. `27-Jan-2026`)
- **Master-Detail Table Layout:**
  - Left columns: No. (`1, 2, 3...`), Employee Avatar & Name, Department / Role.
  - Middle column: Programme Name (plain-text format, no dropdowns or passed badges).
  - Far-right column: `Actions` header and eye icon (`👁`) buttons right-aligned at `w-28 text-right pr-6`, positioned directly beneath `All Records`.

SECTION 3: SYSTEM INTEGRATIONS & STATE TRANSITIONS

```
stateDiagram-v2
    [*] ⟶ Assigned: Training assigned to Employee, Department, or Designation
    Assigned ⟶ In_Progress: Learner begins reviewing learning resources
    In_Progress ⟶ Assessment_Taken: Assessment Enabled & Learner submits assessment
    In_Progress ⟶ Completed: Assessment Disabled & All Mandatory Modules Completed
    Assessment_Taken ⟶ Completed: Assessment Score > 80% passing threshold
    Completed ⟶ Certificate_Issued: System generates authenticated Certificate (Signed
    Assessment_Taken ⟶ In_Progress: Assessment Score ⩽ 80% & Attempts Remaining > 0
    Assessment_Taken ⟶ Overdue: Target due date elapsed without passing
    Certificate_Issued ⟶ [*]
```

SECTION 4: ASSESSMENT & PORTAL DYNAMIC BEHAVIORAL SPECIFICATIONS

4.1 Assessment Toggle State Matrix

System Component	Assessment Toggle: ON (`enabled: true`)	Assessment Toggle: OFF (`enabled: false`)
Tab 3 Header	`3. Assessment & Questions` (clean title; no `[Unlocked]` tag)	`3. Assessment & Questions` (clean title; no `[Unlocked]` tag)
Tab 3 Content	Renders full evaluation card, attempt counter, passing criteria, and all configured questions	**Empty State Container**: "No Assessment Configured" message with icon; **no questions, no scoring inputs, no submit button**
Left Sidebar Action Button	"Take Assessment →" (or "Download Certificate 🎓" when passed)	"Start Learning Modules →" (or "Programme Completed ✓" when all modules done)
Passing Score Display	`🎯 {passingScore}% (Strictly > 80% to pass)`	`N/A (Assessment Disabled)`
Tab 2 Navigation Button	"Proceed to Assessment →"	"All Modules Completed ✓"
Completion Criteria	100% Mandatory Resources + Passing Score on Assessment	100% Mandatory Resources Reviewed

4.2 Dynamic Question Format Parity

- **Short Text (`short_text`)**: Single-line text input with case-insensitive accepted answer evaluation.
- **Long Text (`long_text`)**: Multi-line textarea for detailed subjective responses.
- **Single Choice (`single_choice`)**: Radio group with option labels and single select state.
- **Multiple Choice (`multiple_choice`)**: Checkbox group supporting multiple selections with array equality grading.
- **Dropdown (`dropdown`)**: Standard select menu with placeholder `-- Select Answer --` and option values.
- **True / False (`true_false`)**: Dual toggle buttons/radios for binary verification.

- **Marks & Mandatory Indicators**: Every question displays its designated marks (`X Marks`) and mandatory status (`• Mandatory`).

4.3 Assignments Table Specifications

- **Column Header**: `ASSIGNED SCOPE` (synchronized across all multi-entity assignment types: Employee, Department, Designation).
- **Total Record Count**: `41 Total` assignments.
- **Pagination**: Complete 5-page pagination (10 items per page with reactive Previous/Next and page number indicators).

4.4 Training Programmes Catalogue, Archive & Availability Status Architecture

- **Strict Separation of Statuses**:
  - **Publication Status (`Status ↕` / `publicationStatus`)**: Reflects the editorial lifecycle stage (`Published` , `Draft` , or `Archived`).
  - `Published` : Emerald badge (`bg-emerald-50 text-emerald-700 border border-emerald-200`). Visible across management and employee portals.
  - `Draft` : Amber badge (`bg-amber-50 text-amber-700 border border-amber-200`). Management authoring only (`Availability Status` locked to `Inactive` until published).
  - `Archived` : Slate badge (`bg-slate-100 text-slate-600 border border-slate-200`). Visible **only on the Management side** and excluded everywhere on the Employee side.
  - **Availability Status (`Active / Inactive` / `availabilityStatus`)**: Independent operational availability toggle in the catalogue table and Programme Detail sidebar.
  - Toggle Switch: `h-6 w-11` container with `h-5 w-5` sliding knob.
  - Toggle ON / Right (`translate-x-5` , `bg-blue-600`): **Active** (`availabilityStatus: "Active"` , `isActive: true`).
  - Toggle OFF / Left (`translate-x-0` , `bg-slate-300`): **Inactive** (`availabilityStatus: "Inactive"` , `isActive: false`).
  - **Archive vs. Inactive Independence Rule**:
  - Archiving a programme changes **only** `publicationStatus` **to** `Archived` and **preserves** `availabilityStatus` (`Active` stays `Active` ; `Inactive` stays `Inactive`).
  - Restoring an archived programme changes `publicationStatus` back to `Published` while **preserving** `availabilityStatus` .
  - **Started Learner Lock (Deactivation Guard)**:
  - Once any employee has started working on a programme (`In Progress` , `Under Review` , `submitted_for_review` , `changes_requested` , `Overdue` with `progress > 0` , or `0 < progress < 100`), that programme **cannot be made** `Inactive` . Attempting deactivation is

rejected on both UI and backend (`POST /api/training/programmes/availability` returns `400`).

- Once all learners have finished (`Completed` , `progress: 100`) or before any learner starts (`Not Started` , `progress: 0`), setting `Inactive` is permitted.
- **Inactive Action Lock**:
- On **Management (`Programme Detail`)**: Shows an Inactive warning banner and disables `+ Assign Programme` , `Assign Programme` , `+ Add Module` , and `Open Resource →` while `availabilityStatus === "Inactive"` . Archive/Restore and the Catalogue Availability Toggle remain available for management administration.
- On **Employee (`My Training` & `Employee Course Detail`)**: Programmes completed first and then made `Inactive` remain visible in `My Training` (`Completed` + `Inactive` pills) in strict read-only mode; all controls inside are disabled and employee mutation APIs (`/api/employee/resource-progress` , `/api/employee/assessment-submit` , `/api/employee/training-submit` , `/api/employee/training-resubmit`) reject requests with `400` .

- **Catalogue Table Column Structure (8 Columns)**:
- `No.` (`w-16` , tabular digits)
- `Programme Name ↕` (Programme title + version badge)
- `Level ↕` (Beginner / Intermediate / Expert badge)
- `Duration ↕` (Hours in monospace)
- `Enrolled ↕` (Learner enrollment count)
- `Status ↕` (Publication Status badge: `Published` , `Draft` , or `Archived`)
- `Active / Inactive` (Centered Availability Status toggle switch)
- `Actions` (Right-aligned View 👁️ and Edit ✏️ action buttons)
- **Programme Detail View (Management `nt`)**:
  - **General Info Tab**: Displays a 3-card summary row (**Status** `Published` / `Draft` / `Archived` + `Active` / `Inactive` , **Expected Duration**, **Passing Score**) with balanced icon-to-text spacing, followed by detailed programme metadata.
  - **Curriculum & Modules Tab**: Displays learning resources in a structured table (`Module` , `Resource Title` , `Type` , `Resource URL` , `Requirement` , `Action`) with `Open Resource →` (disabled when programme is `Inactive`).
  - **Enrolled Employees & Status History Tabs**: Tracks learner progress and audit history for Availability/Publication transitions (`Archive` / `Restore` modal with high-contrast Confirm button).
  - **API Endpoints**: `POST /api/training/programmes/availability` , `POST /api/training/programmes/archive` , `POST /api/training/programmes/restore` , `POST /api/training/employee-course-progress` .
